FOREWORD

This book provides information on the arrangements for the payment of Medicare benefits for services rendered by eligible dental practitioners, orthodontists and oral surgeons for the treatment of cleft lip and cleft palate conditions. These arrangements operate under the Health Insurance Act 1973 (as amended). However, at the time of printing, the relevant legislation giving authority for the changes included in this edition of the book may be subject to the approval of Executive Council. This book is not a legal document, and, in cases of discrepancy, the legislation will be the source document for the payment of Medicare benefits.

The book has five sections, as follows:

Section	Content
1	Outline of Provisions for Medicare benefits for Services by Dental Practitioners in the Treatment of Cleft Lip and Cleft Palate Conditions and Notes for Guidance of Dental Practitioners
2	Schedule of Services
3	Index
4	Addresses of the State Offices of the Commonwealth Department of Health, Housing, Local Government and Community Services and the Health Insurance Commission
5	Addresses of Cleft Lip and Cleft Palate Clinics

Section 1 of this book contains explanatory notes on the Scheme together with an outline of the arrangements under which it operates.

The Schedule in Section 2 shows for each service the item number, description of the service, the Schedule fee and Medicare benefits. The fees shown in the Schedule are the fees which apply to services rendered on and after 1 November 1993.

This edition of the book has been printed for use by eligible dental practitioners, orthodontists, oral surgeons, the Health Insurance Commission and other interested authorities.

CHANGES INCLUDED IN THIS EDITION

General Fee Increase

Schedule fees for services by eligible dental practitioners in the treatment of cleft lip and cleft palate conditions increase by 1.09% from 1 November 1993.

Appropriately increased Medicare benefits apply under the provisions of the Act.

Maximum Patient Gap

With effect from 1 November 1993, the maximum patient gap between the Medicare Benefits Schedule fee and the benefit payable for out-of-hospital medical services increases to \$27.70.

Special Arrangements - Transitional Period

Where an item refers to a service in which treatment continues over a period of time in excess of one day and treatment commenced before 1 November 1993 and continues beyond that date, the general rule is that the 1 November 1992 level of fees and benefits would apply.

OUTLINE OF CLEFT LIP AND CLEFT PALATE SCHEME AND NOTES FOR GUIDANCE OF DENTAL PRACTITIONERS

CA. INTRODUCTION

CA.1 Medicare Benefits

CA.1.1 The Medicare Benefits Schedule includes certain professional services in respect of the treatment of cleft lip and cleft palate conditions for which Medicare benefits are payable. These services are normally described as dental services. However, for the purposes of these Notes the word "medical" is to be interpreted to include "dental". The definition of professional service as contained in the Health Insurance Act provides that such a service must be "clinically relevant". A clinically relevant service means a service rendered by a dental practitioner that is generally accepted in the dental profession as being necessary for the appropriate treatment of the patient to whom it is rendered.

CA.1.2 Medicare benefits are payable in respect of services listed in the Schedule (contained in Section 2 of this booklet), when the services are rendered by eligible dental practitioners to prescribed patients (see paragraph CC).

CA.1.3 The Schedule lists three categories of professional services:

Group C1	Orthodontic Services
Group C2	Oral Surgical Services
Group C3	General and Prosthodontic Services

CB. DENTAL PRACTITIONER ELIGIBILITY

CB.1 Eligible Practitioners

CB.1.1 In order to attract Medicare benefits, all treatment must be carried out by eligible dental practitioners who are resident in Australia. Practitioner eligibility is covered under the provisions of Subsection 3(1) of the Health Insurance Act 1973 (the Act).

CB.1.2 All State registered dental practitioners are entitled to perform simple extraction services covered by Items 75200-75206 listed in Group C2 of the Schedule (see paragraph CG.5 of these notes) and the general and prosthodontic services listed in Group C3 of the Schedule. Practitioners do not need to apply for accreditation or approval to perform these services.

CB.1.3 Dental practitioners who wish to be accredited for the purposes of Subsection 3(1) of the Act to perform those orthodontic services listed in Group C1 of the Schedule must submit an application for consideration by the Medical Benefits (Dental Practitioners) Advisory Committee. This Committee will recommend to the Minister the names of those dental practitioners who, in its opinion, should be accredited by the Minister to provide orthodontic services.

CB.1.4 The criteria used in granting accreditation for orthodontic services are that the dental practitioner is a practitioner who is either -

- registered by one of the State Dental Boards as an orthodontist; or
- can substantiate by qualifications and experience a level of competence in the field of orthodontics equivalent to the above criterion.

CB.1.5 Oral surgeons approved by the Minister for the purposes of Subsection 3 (1) of the Act to carry out prescribed medical services (oral surgery) contained in the Medicare Benefits Schedule book are entitled (without the need to apply) to perform those items of oral surgery listed in Group C2 of this Schedule (on referral by an accredited orthodontist).

CB.1.6 Applications for approval as oral surgeons are considered by the Medical Benefits (Dental Practitioners) Advisory Committee which recommends to the Minister those practitioners who, in its opinion, should be approved by the Minister to provide oral surgical services.

CB.1.7 The main criteria for granting approval are that the dental practitioner should be either -

- a State registered oral surgeon who is engaged in the referred practice of oral surgery; or
- a dental practitioner who can substantiate, by experience, or hospital or teaching appointments, a competence in the field of oral surgery.

CB.1.8 Any registered dental practitioner who considers that he/she meets the criteria stated in paragraph CB.1.4 or CB.1.7 and wishes to be considered for accreditation or approval by the Minister to perform orthodontic or oral surgical services should write to the Secretary, Department of Health, Housing, Local Government and Community Services, G.P.O. Box 9848, Canberra A.C.T. 2601 for an application form.

CB.1.9 Where the Minister decides that a dental practitioner should not be accredited for orthodontic services or approved for oral surgical services, the dental practitioner may appeal to the Medical Benefits (Dental Practitioners) Appeals Committee, which is composed of dental practitioners who are not on the Advisory Committee. The Committee's address is the same as the Advisory Committee.

CB.1.10 Both the Advisory and the Appeals Committees are composed of dental practitioners nominated by the Australian Dental Association.

CB.1.11 Advice concerning the names and addresses of practitioners who have been accredited or approved for the purposes of Subsection 3(1) of the Act may be obtained from the State offices of the Department or the Health Insurance Commission, or from the local State Branch of the Australian Dental Association.

CC. PATIENT ELIGIBILITY

CC.1 Eligible Patients

CC.1.1 To be eligible to claim benefits for Schedule services performed by eligible dental practitioners, a patient must satisfy the following criteria:

- (a) The patient must be an Australian resident or any other person or class of persons whom the Minister declares to be eligible. All eligible persons will be issued with a Medicare card on application as evidence of their eligibility.
- (b) The patient must be aged less than twenty-two years.
- (c) Under the provisions of Subsection 3(1) of the Health Insurance Act a patient must be a prescribed dental patient, i.e. a person in respect of whom a certificate has been issued by a medical practitioner or dental practitioner approved by the Minister, stating that the person is suffering from a cleft lip or cleft palate condition*

* Cleft lip and cleft palate conditions include the following:

- . Branchial Arch Syndrome
- . Crouzon's Disease
- . Apert's Syndrome
- . Pierre-Robin Syndrome
- . Treacher-Collins' Syndrome
- . Golden Hars Syndrome
- . Anhydrotic Ectodermal Dysplasia

CC.1.2 The identification of the cleft condition and the issue of the Certificate can be undertaken through a special cleft lip and palate clinic or by a medical or dental practitioner authorised for this purpose by the Minister. Cleft lip and palate clinics operate in at least one public hospital in each Australian State/Territory capital city. A list of these clinics and their addresses appears in Section 5 at the end of this book.

CC.1.3 Practitioners whose patients are unable to attend the hospital clinic should send records of the cleft condition to the Clinic for identification of the condition and issue of the Certificate.

CC.1.4 The Certificate is a formal document required under the provisions of the Act. Because the Certificate may have to last for up to twenty-two years, each eligible patient will also be issued with a plastic identification card. These cards, which are more durable than the paper Certificates, can be used by patients (or parents or guardians) to claim Medicare benefits. Facsimiles of the Certificate and card appear at the end of these Notes.

CC.1.5 Patients are eligible for Medicare benefits for treatment received from the date of issue of their Certificate. Where treatment is required immediately after birth, practitioners should telephone a Clinic or approved practitioner so that a Certificate can be prepared which will be effective from that day.

CC.2 Visitors to Australia

CC.2.1 Medicare benefits are generally not payable to visitors to Australia or temporary residents. People visiting Australia specifically for medical or hospital treatment are not eligible for Medicare benefits.

CC.3 Health Care Expenses Incurred Overseas

CC.3.1 Medicare does not cover medical or hospital expenses incurred outside Australia.

CD. SCHEDULE FEES AND MEDICARE BENEFITS

CD.1 Schedule Fees and Medicare Benefits.

CD.1.1 Medicare benefits are based on fees determined for each Schedule service. These fees are shown in the Schedule in Section 2 of this Book. The fee is referred to in these notes as the "Schedule fee".

CD.1.2 The Medicare benefits for each medical service are the amounts shown immediately after the Schedule fee. There are presently two levels of Medicare benefit payable, that is:-

- (i) for professional services rendered while hospital treatment (i.e., accommodation and nursing care) is provided to a patient who has been admitted to a hospital or day hospital facility (other than Medicare hospital patients), the level of Medicare benefit is 75% of the Schedule fee for each item with no maximum patient gap between the Medicare benefit and the Schedule fee. The Health Insurance Regulations provide that medical practitioners must indicate on their accounts, etc, where a medical service is rendered in these circumstances. This requirement will be met by placing the words "admitted patient" immediately preceding the description of each service or, alternatively, where an item number is used, by placing an asterisk "*" directly after the item number for each service.
- (ii) for all other professional services, the Medicare benefit is 85% of the Schedule fee, or the Schedule fee less \$27.70 (indexed annually) whichever is the greater.

Where appropriate the calculated benefit has been rounded to the nearest higher 5 cents. However, in no circumstances will the benefit payable for any service exceed the amount of the fee actually charged for that service.

CD.1.3 It should be noted that the Health Insurance Act makes provision for private medical insurance to cover the "patient gap" (ie, the difference between the Medicare benefit and the Schedule fee) for services attracting benefit at the 75% level.

CD.1.4 Where it can be established that payments of \$247.90 (indexed annually from 1 January) have been made for a family group or an individual during a calendar year in respect of the difference between the Medicare benefit and the

Schedule fee, benefits will be paid for expenses incurred for professional services rendered during the rest of that year up to 100% of the Schedule fee. This does not apply to the Assignment of Benefit arrangements. A family group includes a spouse and dependent children under 16 years of age or dependent students under the age of 25.

CD.2 Where Medicare Benefits are not Payable

CD.2.1 Medicare benefits are not payable in respect of a professional service in the following circumstances:-

- (i) where the medical expenses for the service are paid or payable to a recognised (public) hospital;
- (ii) where the medical expenses for the service are wholly payable by way of compensation or damages under a State or Commonwealth or Territorial law or under a legal claim. However, where medical expenses are only partly recoverable in such cases, an appropriate portion of Medicare benefit is payable.
- (iii) where the service is a medical examination for the purposes of - life insurance, superannuation or provident account scheme, or admission to membership of a friendly society;
- (iv) where the service was rendered in the course of carrying out of mass immunisation.

CD.2.2 Unless the Minister otherwise directs, Medicare benefit is not payable in respect of a professional service where:-

- (a) the service has been rendered by or on behalf of, or under an arrangement with, the Commonwealth, a State or a local governing body or an authority established by a law of the Commonwealth, a law of a State or a law of an internal Territory;
- (b) the medical expenses were incurred by the employer of the person to whom the service was rendered;
- (c) the person to whom that service was rendered was employed in an industrial undertaking and that service was rendered to him for purposes connected with the operation of that undertaking; or
- (d) the service was a health screening service.

CD.2.3 The legislation empowers the Minister to make regulations to preclude the payment of Medicare benefits for professional services rendered in prescribed circumstances. Such regulations, however, may only be made in accordance with a recommendation made by the Medicare Benefits Advisory Committee.

CD.2.4 Benefits are not payable for items 75200 to 75609 unless the patient was referred in the manner outlined at paragraph CG.5.

CD.3 Limiting Rule

CD.3.1 In no circumstances will the benefit payable for a professional service exceed the fee charged for the service.

CD.4 Service of Unusual Length or Complexity

CD.4.1 The fee for any item listed in the Schedule is that which is regarded as being reasonable on average for the service having regard to usual and reasonable variations in the time involved in performing the service on different occasions and to reasonable ranges of complexity and technical difficulty encountered. Section 11 of the Health Insurance Act provides that the practitioner or the patient may apply to the Health Insurance Commission for higher benefits by the fixation of a higher fee, where a practitioner considers that special consideration is warranted because of the "unusual length or complexity" of the service in the particular case. The term "unusual length or complexity" in this context refers to instances where these factors significantly exceed those usually encountered for the service listed in the Schedule.

CD.4.2 Any such application for a higher fee under Section 11 of the Act should be made to the Health Insurance Commission and should be supported by a statement by the practitioner indicating in detail those unusual features which are the basis for the claim for a higher fee. The practitioner rendering the service should advise the patient to forward this statement with the claim form and account to the relevant Medicare office. Where the practitioner direct-bills the Health Insurance Commission, the statement should be attached to the assignment form.

CD.4.3 To reduce delays and to facilitate consideration of such an application, it is essential that practitioners give precise details of those unusual features of length of time, complexity and technical difficulty which might warrant approval of a higher fee. The statement should include:

- the time taken;
- the factors causing the undue length of time taken;
- special difficulties or complexities encountered beyond those which would normally be expected in the procedure;
- other significant factors, such as the general condition of the patient, anaesthetic problems and need for resuscitation.

CD.4.4 Generally, such applications are referred for consideration by the Medicare Benefits Advisory Committee which may determine the payment of a higher benefit by approval of a fee higher than the Schedule fee in the particular case. In reporting on such applications, the Committee may state the principles it followed in fixing the amount of any increased fee and benefit for the service which was the subject of the application.

CD.4.5 Subsequent applications to which the principles determined by the Committee can be applied, may be dealt with by the Health Insurance Commission in accordance with those principles, without further reference to the Committee.

CD.4.6 Where the Health Insurance Commission notifies a person of a decision based on the application of principles determined by the Committee, that person may, within one month after receipt of notification of the Health Insurance Commission's decision in the matter of an increased fee, appeal to the Minister to have the decision reviewed.

CD.4.7 The Minister will forward the appeal to the Medicare Benefits Advisory Committee for consideration and recommendation. The Minister shall, in accordance with the recommendation of the Committee, either allow or dismiss the appeal and direct the Health Insurance Commission to give effect to the recommendation of the Committee. The Minister will also notify the appellant in writing of the decision regarding the appeal.

CE. PENALTIES

CE.1 Penalties

CE.1.1 Penalties of up to \$10,000 or imprisonment for up to five years may be imposed on any person who makes a statement (either orally or in writing) or who issues or presents a document that is false or misleading in a material particular and which is capable of being used in connection with a claim for benefits. In addition, any practitioner who is found guilty of such offences by a Court on or after 22 February 1986 shall be subject to an examination by a Medicare Participation Review Committee and may be counselled or reprimanded or may have services wholly or partially disqualified from the Medicare benefit arrangements.

CE.1.2 A penalty of up to \$1000 or imprisonment for up to three months, or both, may be imposed on any person who obtains a patient's signature on a direct billing form without the necessary details having been entered on the form before signature or who fails to cause a copy of the completed form to be given to the patient.

CF. BILLING PROCEDURES

CF.1 Billing of the Patient - Itemised Accounts

CF.1.1 Where the practitioner bills the patient for medical services rendered, the patient needs a properly itemised account/receipt to enable a claim to be made for Medicare benefits.

CF.1.2 Under the provisions of the Health Insurance Act and Regulations, Medicare benefits are not payable in respect of a professional service unless there is recorded on the account setting out the fee for the service or on the receipt for the fee in respect of the service, the following particulars:-

- (i) Patient's name;
- (ii) The date on which the professional service was rendered;
- (iii) A description of the professional service sufficient to identify the item that relates to that service, including an indication where the service is rendered to a person while hospital treatment (i.e., accommodation and nursing care) is provided in a hospital or day-hospital facility (other than a Medicare hospital patient), that is, the words "admitted patient" immediately preceding the description of the service or an asterisk "*" directly after an item number where used;
- (iv) The name and practice address or name and provider number of the practitioner who actually rendered the service; (Where the practitioner has more than one practice location recorded with the Health Insurance Commission, the provider number used should be that which is applicable to the practice location at or from which the service was given).

CF.1.3 Each account must also carry a certification by the eligible dental practitioner that:-

- (i) the patient's eligibility certificate or identification card has been sighted (this can be done by quoting the number on the identification card); and
- (ii) the service was required for the treatment associated with the cleft condition.

CF.1.4 Only one original itemised account should be issued in respect of any one medical service and any duplicates of accounts or receipts should be clearly marked "duplicate" and should be issued only where the original has been lost. Duplicates should not be issued as a routine system for "accounts rendered".

CF.1.5 Where a practitioner wishes to apportion the total fee between the appropriate professional fee for the particular service and any balance outstanding in respect of services rendered previously, the practitioner should ensure that the balance is described in such a way (e.g. balance of account) that it cannot be mistaken as being a separate service. In particular no item number should be shown against the balance.

CF.2 Claiming Benefits

CF.2.1 The patient, upon receipt of a practitioner's account, has two courses open for paying the account and receiving benefits.

CF.3 Paid Accounts

CF.3.1 The patient may pay the account and subsequently present the account, supporting receipt and a covering Medicare claim form to Medicare for assessment and payment of Medicare benefit.

CF.4 Unpaid Accounts

CF.4.1 Where the patient has not paid the account, the unpaid account may be presented to Medicare with a Medicare claim form. In this case Medicare will forward to the claimant a benefit cheque made payable to the practitioner.

CF.4.2 It will be the patient's responsibility to forward the cheque to the practitioner and make arrangements for payment of the balance of the account if any. "Pay doctor" cheques involving Medicare benefits cannot be sent direct to practitioners or to patients at a practitioner's address (even if requested by the patient to do so). "Pay doctor" cheques will be forwarded to the patient's normal address.

CF.4.3 When issuing a receipt to a patient in respect of an account that is being paid wholly or in part by a Medicare "pay doctor" cheque the practitioner should indicate on the receipt that a "Medicare" cheque for \$.....was involved in the payment of the account.

CF.5 Assignment of Benefits (Direct-Billing) Arrangements

CF.5.1 Under the Health Insurance Act the Assignment of Benefit (direct-billing) facility for professional services is available to all persons in Australia who are eligible for benefit under the Medicare program. This facility is NOT confined to pensioners or people in special need. If a practitioner direct-bills, the practitioner undertakes to accept the relevant Medicare benefit as full payment for the service. Additional charges for that service (irrespective of the purpose or title of the charge) cannot be raised against the patient. Under these arrangements:-

- . The patient's Medicare card number must be quoted on all direct-bill forms for that patient.
- . The basic forms provided are loose leaf to enable the patient details to be imprinted from the Medicare card.
- . The forms include information required by Regulations under Subsection 19(6) of the Health Insurance Act.
- . The practitioner must cause the particulars relating to the professional service to be set out on the assignment form before the patient signs the form and cause the patient to receive a copy of the form as soon as practicable after the patient signs it.
- . Where a patient is unable to sign the assignment form the signature of the patient's parent, guardian or other responsible person (other than the practitioner, practitioner's staff, hospital proprietor, hospital staff, nursing-home proprietor or nursing home staff) is acceptable. The reason the patient is unable to sign should also be stated. In the absence of a "responsible person" the patient signature section should be left blank and in the section headed "Practitioner's Use" or on the back of the assignment form, an explanation should be given as to why the patient was unable to sign (e.g. unconscious, injured hand, etc.) and this note should be signed or initialled by the doctor. If in the opinion of the practitioner the reason is of such a "sensitive" nature that revealing it would constitute an unacceptable breach of patient confidentiality or unduly embarrass or distress the recipient of the patient's copy of the assignment of benefits form, a concessional reason "due to medical condition" to signify that such a situation exists may be substituted for the actual reason. However, this should not be used routinely and in most cases it is expected that the reason given will be more specific.

CF.5.2 The administration of the direct-billing arrangements under Medicare as well as the payment of Medicare benefits on patient claims is the responsibility of the Health Insurance Commission. Any enquires in regard to these matters should therefore be directed to the Commission's Medicare offices or enquiry points.

CF.5.3 Under Medicare any eligible dental practitioner can accept assignment of benefit and direct-bill for any eligible person.

CF.6 Use of Medicare Cards in Direct Billing

CF.6.1 An eligible person who applies to enrol for Medicare benefits (using a Medicare Enrolment/Amendment Application) will be issued with a uniquely numbered Medicare card which shows the Medicare card number, the patient identification number (reference number), the applicant's first given name, initial of second given name, surname and an effective "valid to" date. These cards may be issued on an individual or family basis. Up to 5 persons may be listed on the one Medicare card, and up to 9 persons may be listed under the one Medicare card number.

CF.6.2 The Medicare card plays an important part in direct billing as it can be used to imprint the patient details (including Medicare number) on the basic direct-billing forms. A special Medicare imprinter has been developed for this purpose and is available free of charge, on request, from Medicare.

CF.6.3 The patient details can of course be entered on the direct-bill forms by hand, but the use of a card to imprint patient details assists practitioners and ensures accuracy of information. The latter is essential to ensure that the processing of a claim by Medicare is expedited.

CF.6.4 The Medicare card number must be quoted on direct-bill forms. If the number is not available, then the assignment of benefit facility should not be used. To do so would incur a risk that the patient is not eligible and Medicare benefits not payable.

CF.6.5 Where a patient presents without a Medicare card and indicates that he/she has been issued with a card but does not know the details, the practitioner may contact a Medicare telephone enquiry number to obtain the number.

CF.7 Assignment of Benefit Forms

CF.7.1 To meet varying requirements the following types of stationery are available from Medicare. Note that these forms are approved forms under the Health Insurance Act, and no other forms can be used to assign benefits without the approval of the Health Insurance Commission.

- (a) *Form DB2*. This form is used to assign benefits for services other than requested pathology. It is loose leaf for imprinting and comprises a throw away cover sheet (after imprinting), a Medicare copy, a Patient copy and a Practitioner copy.
- (b) *Form DB4*. Is a continuous stationery version of Form DB2, and has been designed for use on most office accounting machines.

CF.8 The Claim for Assigned Benefits (Form DB1, DB1H)

CF.8.1 Practitioners who accept assigned benefits must claim on Medicare using Form DB1 or DB1H, the Claim for Assigned Benefits. The DB1H form should be used where services are rendered to persons while hospital treatment is provided in a hospital or day hospital facility (other than Medicare hospital patients). Both forms have been designed to enable benefit for a claim to be directed to a practitioner other than the one who rendered the services. The facility is intended for use in situations such as where a short term locum is acting on behalf of the principal practitioner and setting the locum up with a provider number and pay-group link for the principal practitioner's practice is impractical. Practitioners

should note that this facility cannot be used to generate payments to or through a person who does not have a provider number.

CF.8.2 The claim form must be accompanied by the Assignment forms to which the claim relates.

CF.8.3 Forms DB1 and DB1H are also loose leaf similar to form DB2 to enable imprinting of practitioner details using the special Medicare imprinter. For this purpose, practitioner cards showing the practitioner's name, practice address and provider number are available from Medicare on request.

CF.9 Direct-Bill Stationery

CF.9.1 Medical Practitioners and Eligible Dental Practitioners wishing to direct-bill may obtain direct-bill stationery by contacting any Medicare Office. Information on the completion of the forms and direct-bill procedures are provided with the forms. Information on direct-billing is available from any Medicare office.

CF.10 Time Limits Applicable to Lodgement of Claims for Assigned Benefits

CF.10.1 A time limit of six months applies to the lodgement of claims with Medicare under the direct-billing (assignment of benefit) arrangements. This means that Medicare benefits are not payable for any service where the service was rendered more than six months earlier than the date the claim was lodged with Medicare.

CF.10.2 Provision exists whereby in certain circumstances (e.g. hardship cases, third party workers' compensation cases), the Minister may waive the time limits. Special forms for this purpose are available, if required, from the processing centre to which assigned claims are directed.

CG. COMPILATION AND INTERPRETATION OF THE SCHEDULE

CG.1 Compilation of the Schedule

CG.1.1 Section 2 of this Book lists the item number, description of medical service, the Schedule fee for those services in the treatment of cleft lip and cleft palate conditions for which Medicare benefits are payable and the Medicare benefits.

CG.1.2 The prescribed services have been grouped according to the general nature of the services: orthodontic, oral surgical and general and prosthodontic.

CG.2 Principles of Interpretation

CG.2.1 Each professional service listed in the Schedule is a complete medical service in itself. Where a service is rendered partly by one practitioner and partly by another, only the one amount of benefit is payable.

CG.3 Administration of Anaesthetics by Medical Practitioners

CG.3.1 When a medical practitioner administers an anaesthetic in connection with a dental procedure prescribed for the payment of Medicare benefits (and the procedure has been performed by an eligible dental practitioner), Medicare benefits are payable for the administration of the anaesthetic on the same basis as if the procedure had been rendered by a medical practitioner.

CG.3.2 To ascertain the Schedule fee for the anaesthetic, medical practitioners should refer to Group T6, Subgroup 3 of the Medicare Benefits Schedule Book.

CG.4 Definitions

CG.4.1 Orthodontic treatment planning is defined as the measurement and analysis of the face and jaws and occlusion providing a diagnosis and planned prescription of appliances and treatment required.

CG.4.2 Study models are defined as orthodontic plaster casts of the upper and lower teeth and alveolar processes.

CG.5 Oral Surgical Services - Referral (75200 - 75609)

CG.5.1 Benefits are payable for items 75200 to 75609 only where the service has been rendered to a patient who has been referred by letter of Referral by a dental practitioner accredited for orthodontic services.

CG.6 General and Prosthodontic Services (75800)

CG.6.1 Item number 75800 refers to a consultation by a dentist for prevention and prophylaxis and includes such services as dietary advice, oral hygiene and fluoride treatment.

CG.7 Over-servicing

CG.7.1 Over-servicing must be avoided. In the case of denture services, examples of over-servicing might be:-

- Unjustifiably frequent replacement of dentures;
- Provision of new dentures when relining or re-modelling of an existing prosthesis would meet the clinical need;
- Provision of metal dentures where an acrylic denture would meet the clinical need.

CG.7.2 The Schedule includes an item for metal dentures to allow for the provision of a precise, long-term prosthesis. The item is not intended for use during the period of growth, where prostheses must be replaced or altered frequently, unless there is some definite and extraordinary clinical requirement.

- PLEASE PRINT
- Original to be retained by the patient
- Pink Copy to be posted to the Department of Health, Housing, Local Government and Community Services
- Green Copy to be retained by Clinic

FACSIMILE OF PATIENT IDENTIFICATION CARD

Department of Health, Housing, Local Government and Community Services	
Name	<input type="text"/>
Expiry date	<input type="text" value="/ /"/>
Number	<input type="text"/>
Issuing Officer	<input type="text"/>
Date	<input type="text" value="/ /"/>

The Holder of this card is a
'prescribed dental patient' as defined
under sub-section 3(1) of the *Health
Insurance Act 1973*.

SECTION 2

SCHEDULE OF SERVICES

GROUP C1 - ORTHODONTIC SERVICES

75000	CONSULTATION BY AN ACCREDITED ORTHODONTIST not being a service to which item 75003 applies Fee: \$29.00 Benefit: 75% = \$21.75 85% = \$24.65
75003	CONSULTATION BY AN ACCREDITED ORTHODONTIST and treatment planning where treatment is deferred Fee: \$58.70 Benefit: 75% = \$44.05 85% = \$49.90
75006	PRODUCTION OF DENTAL STUDY MODELS not being a service associated with a service to which item 75003 applies or with a service to which item 75024, 75027, 75030, 75033, 75036, 75039, 75042, 75045, 75048 or 75051 applies Fee: \$29.00 Benefit: 75% = \$21.75 85% = \$24.65
75009	ORTHODONTIC RADIOGRAPHY - orthopantomography (panoramic radiography) Fee: \$48.55 Benefit: 75% = \$36.45 85% = \$41.30
75012	ORTHODONTIC RADIOGRAPHY - ANTERO-POSTERIOR CEPHALOMETRIC RADIOGRAPHY with cephalometric tracings OR LATERAL CEPHALOMETRIC RADIOGRAPHY with cephalometric tracings Fee: \$76.85 Benefit: 75% = \$57.65 85% = \$65.35
75015	ORTHODONTIC RADIOGRAPHY - ANTERO-POSTERIOR AND LATERAL CEPHALOMETRIC RADIOGRAPHY, with cephalometric tracings Fee: \$105.80 Benefit: 75% = \$79.35 85% = \$89.95
75018	ORTHODONTIC RADIOGRAPHY - ANTERO-POSTERIOR AND LATERAL CEPHALOMETRIC RADIOGRAPHY, with cephalometric tracings and orthopantomography Fee: \$134.80 Benefit: 75% = \$101.10 85% = \$114.60
75021	ORTHODONTIC RADIOGRAPHY - ANTERO-POSTERIOR AND LATERAL CEPHALOMETRIC RADIOGRAPHY, with cephalometric tracings, orthopantomography and hand-wrist studies (including growth prediction) Fee: \$165.25 Benefit: 75% = \$123.95 85% = \$140.50
75024	PRESURGICAL INFANT MAXILLARY ARCH REPOSITIONING including supply of appliances and all associated consultations - WHERE 1 APPLIANCE IS USED Fee: \$391.40 Benefit: 75% = \$293.55 85% = \$363.70
75027	PRESURGICAL INFANT MAXILLARY ARCH REPOSITIONING including supply of appliances and all associated consultations - WHERE 2 APPLIANCES ARE USED Fee: \$463.90 Benefit: 75% = \$347.95 85% = \$436.20
75030	DECIDUOUS DENTITION TREATMENT - MAXILLARY ARCH EXPANSION including supply of appliances and all associated consultations, treatment planning and retention services beyond the period of active treatment Fee: \$521.85 Benefit: 75% = \$391.40 85% = \$494.15
75033	DECIDUOUS AND PERMANENT DENTITION TREATMENT - INCISOR ALIGNMENT using fixed appliances in maxillary arch, including supply of appliances and all associated consultations, treatment planning and retention services beyond the period of active treatment Fee: \$855.30 Benefit: 75% = \$641.50 85% = \$827.60
75036	DECIDUOUS AND PERMANENT DENTITION TREATMENT - LATERAL ARCH EXPANSION AND INCISOR ALIGNMENT using fixed appliances in maxillary arch, including supply of appliances and associated consultations, treatment planning and retention services beyond the period of active treatment; not being a service associated with a service to which item 75033 applies Fee: \$1,181.45 Benefit: 75% = \$886.10 85% = \$1,153.75
75039	PERMANENT DENTITION TREATMENT - SINGLE ARCH (mandibular or maxillary) TREATMENT (correction and/or alignment) using fixed appliances, including supply of appliances, and associated consultations, treatment planning and retention services beyond the period of active treatment; not being a service associated with a service to which item 75045 or 75048 applies - INITIAL 3 MONTHS of active treatment Fee: \$391.40 Benefit: 75% = \$293.55 85% = \$363.70
75042	- EACH SUBSEQUENT 3 MONTHS of active treatment for a maximum of a further 33 months Fee: \$147.85 Benefit: 75% = \$110.90 85% = \$125.70

75045	<p>PERMANENT DENTITION TREATMENT - 2 ARCH (mandibular and maxillary) TREATMENT (correction and/or alignment) using fixed appliances, including supply of appliances and associated consultations, treatment planning and retention services beyond the period of active treatment; not being a service associated with a service to which item 75039 or 75042 applies - INITIAL 3 MONTHS OF ACTIVE TREATMENT Fee: \$768.30 Benefit: 75% = \$576.25 85% = \$740.60</p>
75048	<p>- EACH SUBSEQUENT 3 MONTHS of active treatment for a maximum of a further 33 months Fee: \$202.95 Benefit: 75% = \$152.25 85% = \$175.25</p>
75051	<p>PRESURGICAL OR POSTSURGICAL JAW GROWTH GUIDANCE using removable appliances, including supply of appliances, all associated consultations and treatment planning Fee: \$521.85 Benefit: 75% = \$391.40 85% = \$494.15</p>

GROUP C2 - ORAL SURGICAL SERVICES

	Simple Extractions		
	REMOVAL OF TOOTH OR TOOTH FRAGMENT not being a service to which item 75400, 75403, 75406, 75409, 75412 or 75415 applies (See para CG. of explanatory notes to this Category)		
75200	Fee: \$39.15	Benefit: 75% = \$29.40	85% = \$33.30
	REMOVAL OF TOOTH OR TOOTH FRAGMENT under general anaesthesia (See para CG. of explanatory notes to this Category)		
75203	Fee: \$58.70	Benefit: 75% = \$44.05	85% = \$49.90
	REMOVAL OF EACH ADDITIONAL TOOTH OR TOOTH FRAGMENT at the same attendance at which a service to which item 75200 or 75203 applies is rendered (See para CG. of explanatory notes to this Category)		
75206	Fee: \$19.45	Benefit: 75% = \$14.60	85% = \$16.55
	Surgical Extractions		
	SURGICAL REMOVAL OF ERUPTED TOOTH (See para CG. of explanatory notes to this Category)		
75400	Fee: \$117.40	Benefit: 75% = \$88.05	85% = \$99.80
	SURGICAL REMOVAL OF TOOTH with soft tissue impaction (See para CG. of explanatory notes to this Category)		
75403	Fee: \$134.80	Benefit: 75% = \$101.10	85% = \$114.60
	SURGICAL REMOVAL OF TOOTH with partial bone impaction (See para CG. of explanatory notes to this Category)		
75406	Fee: \$153.65	Benefit: 75% = \$115.25	85% = \$130.65
	SURGICAL REMOVAL OF TOOTH with complete bone impaction (See para CG. of explanatory notes to this Category)		
75409	Fee: \$173.95	Benefit: 75% = \$130.50	85% = \$147.90
	SURGICAL REMOVAL OF TOOTH FRAGMENT involving soft tissue only (See para CG. of explanatory notes to this Category)		
75412	Fee: \$97.15	Benefit: 75% = \$72.90	85% = \$82.60
	SURGICAL REMOVAL OF TOOTH FRAGMENT involving bone (See para CG. of explanatory notes to this Category)		
75415	Fee: \$117.40	Benefit: 75% = \$88.05	85% = \$99.80
	Other Surgical Procedures		
	SURGICAL EXPOSURE, STIMULATION AND PACKING OF UNERUPTED TOOTH (See para CG. of explanatory notes to this Category)		
75600	Fee: \$165.25	Benefit: 75% = \$123.95	85% = \$140.50
	SURGICAL EXPOSURE OF UNERUPTED TOOTH for the purpose of fitting a traction device (See para CG. of explanatory notes to this Category)		
75603	Fee: \$194.25	Benefit: 75% = \$145.70	85% = \$166.55
	SURGICAL REPOSITIONING OF UNERUPTED TOOTH (See para CG. of explanatory notes to this Category)		
75606	Fee: \$194.25	Benefit: 75% = \$145.70	85% = \$166.55
	TRANSPLANTATION OF TOOTH BUD (See para CG. of explanatory notes to this Category)		
75609	Fee: \$289.95	Benefit: 75% = \$217.50	85% = \$262.25

**GROUP C3 - GENERAL AND
PROSTHODONTIC SERVICES**

Note: Benefit is payable for services listed in this Group where they are rendered by a State registered dental practitioner

ATTENDANCE BY AN ELIGIBLE DENTAL PRACTITIONER involving consultation, preventive treatment and prophylaxis, of not less than 30 minutes duration - each attendance to a maximum of 3 attendances in any period of 12 months
(See para CG. of explanatory notes to this Category)

75800	Fee: \$58.70	Benefit: 75% = \$44.05	85% = \$49.90
75803	PROVISION AND FITTING OF ACRYLIC BASE PARTIAL DENTURE, including retainers - 1 TOOTH Fee: \$234.85	Benefit: 75% = \$176.15	85% = \$207.15
75806	- 2 TEETH Fee: \$275.45	Benefit: 75% = \$206.60	85% = \$247.75
75809	- 3 TEETH Fee: \$326.15	Benefit: 75% = \$244.65	85% = \$298.45
75812	- 4 TEETH Fee: \$362.40	Benefit: 75% = \$271.80	85% = \$334.70
75815	- 5 TO 9 TEETH Fee: \$442.15	Benefit: 75% = \$331.65	85% = \$414.45
75818	- 10 TO 12 TEETH Fee: \$521.85	Benefit: 75% = \$391.40	85% = \$494.15
75821	PROVISION AND FITTING OF CAST METAL BASE (cobalt chromium alloy) PARTIAL DENTURE including casting and retainers - 1 TOOTH Fee: \$420.40	Benefit: 75% = \$315.30	85% = \$392.70
75824	- 2 TEETH Fee: \$485.65	Benefit: 75% = \$364.25	85% = \$457.95
75827	- 3 TEETH Fee: \$558.10	Benefit: 75% = \$418.60	85% = \$530.40
75830	- 4 TEETH Fee: \$616.10	Benefit: 75% = \$462.10	85% = \$588.40
75833	- 5 TO 9 TEETH Fee: \$753.80	Benefit: 75% = \$565.35	85% = \$726.10
75836	- 10 TO 12 TEETH Fee: \$862.55	Benefit: 75% = \$646.95	85% = \$834.85
75839	PROVISION AND FITTING OF RETAINERS not being a service associated with a service to which item 75803, 75806, 75809, 75812, 75815, 75818, 75821, 75824, 75827, 75830, 75833 or 75836 applies - each retainer Fee: \$19.45	Benefit: 75% = \$14.60	85% = \$16.55
75842	ADJUSTMENT OF PARTIAL DENTURE not being a service associated with a service to which item 75803, 75806, 75809, 75812, 75815, 75818, 75821, 75824, 75827, 75830, 75833 or 75836 applies Fee: \$29.00	Benefit: 75% = \$21.75	85% = \$24.65
75845	RELINING OF PARTIAL DENTURE by laboratory process and associated fitting Fee: \$144.95	Benefit: 75% = \$108.75	85% = \$123.25
75848	REMODELLING AND FITTING OF PARTIAL DENTURE of more than 4 teeth Fee: \$173.95	Benefit: 75% = \$130.50	85% = \$147.90
75851	REPAIR TO CAST METAL BASE OF PARTIAL DENTURE - 1 or more points Fee: \$87.00	Benefit: 75% = \$65.25	85% = \$73.95

75854	ADDITION OF A TOOTH OR TEETH to a partial denture to replace extracted tooth or teeth including taking of necessary impression Fee: \$87.00 Benefit: 75% = \$65.25 85% = \$73.95

SECTION 3

INDEX TO SCHEDULE

Service	Item	Service	Item
		R	
A		Radiography	75009,75012,75015, 75018,75021
Acrylic denture, provision and fitting	75803,75806,75809, 75812,75815,75818	Relining of partial denture	75845
Addition of tooth to partial denture	75854	Remodeling of partial denture	75848
Adjustment of partial denture	75842	Removal, simple	
Attendance by practitioner, general	75800	- of additional tooth	75206
		- of tooth	75200
		- of tooth under general anaesthetic	75203
		- surgical	75400,75403,75406, 75409,75412,75415
		Repair to cast metal base of denture	75851
		Retainers, provision and fitting	75839
		S	
C		Single arch correction and/or alignment	75039,75042
Cast metal denture, provision and fitting	75821,75824,75827, 75830,75833,75836	Study models, production of	75006
Cephalometric tracings	75012,75015,75018, 75021	Surgical exposure of unerupted tooth	75603
Consultation by an Orthodontist	75000	Surgical exposure, stimulation, packing unerupted tooth	75600
Consultation by an Orthodontist and treatment planning where treatment is deferred	75003	Surgical removals	75400,75403,75406, 75409,75412,75415
D		Surgical repositioning of unerupted tooth	75606
Deciduous and permanent dentition treatment			
- incisor alignment	75033		
- lateral arch expansion and incisor alignment	75036		
Deciduous dentition treatment - maxillary arch expansion	75030		
Denture, acrylic, provision and fitting	75803,75806,75809, 75812,75815,75818		
Denture, cast metal, provision and fitting	75821,75824,75827, 75830,75833,75836		
		T	
		Tooth or tooth fragment, simple removal of	75200,75203,75206
		Transplantation of tooth bud	75609
		Two arch treatment (correction and/or alignment)	75045,75048
I			
Incisor alignment	75033		
- and lateral arch expansion	75036		
J			
Jaw growth guidance	75842		
L			
Lateral arch expansion and incisor alignment	75036		
M			
Maxillary arch expansion	75030		
Maxillary arch repositioning	75027		
Models, study, production of	75006		
O			
Orthodontic radiography	75009,75012,75015, 75018,75021		
Orthopantomography	75009		
P			
Partial denture, adjustment of	75842		
Permanent dentition treatment			
- single arch (correction and/or alignment)	75039,75042		
- two arch (correction and/or alignment)	75045,75048		
Post-surgical jaw growth guidance	75051		
Pre-surgical infant maxillary arch repositioning	75024,75027		
Pre-surgical jaw growth guidance	75051		
Production of study models	75006		

* Payable on attendance basis
